# About Our Company

Alamtnan Trailer Production is a leading manufacturer based in Qatar, specializing in the fabrication of trailers, tankers, and heavy-duty metal structures. We are committed to delivering durable, custom-engineered solutions for the transportation and waste management sectors. With a focus on quality, innovation, and customer satisfaction, our products are built to withstand tough environments and meet international standards. Backed by a skilled team and advanced facilities, we ensure timely delivery and long-lasting performance. Our goal is to support industrial growth through reliable and efficient manufacturing.

# VISION

To be recognized as the most trusted and innovative trailer and metal structure manufacturing company in Qatar and the wider region. We aim to lead the industry by setting benchmarks in quality, reliability, and customer satisfaction. Our vision is to contribute to national development by providing durable and efficient products that support infrastructure, logistics, and environmental services. Through continuous improvement, technological advancement, and a strong commitment to sustainability, we aspire to shape a better future in industrial manufacturing.

At Alamtnan Trailer Production, our mission is to deliver high-performance trailers, tankers, and metal fabrication solutions tailored to the specific needs of our clients. We strive to combine precision engineering, quality materials, and innovative designs to manufacture products that meet the highest safety and durability standards. We are committed to maintaining ethical business practices, ensuring timely project delivery, and offering exceptional after-sales support. Our goal is to build lasting partnerships with our clients by consistently exceeding expectations and driving operational excellence.

# MISSION

# OUR SERVICES

## Trailer Manufacturing

Custom trailers designed for durability and load efficiency.

## Tanker Production

High-quality tankers for fuel, water, and chemical transportation.

## Skip Boxes & Skip Loaders

Built for waste handling and transport with maximum safety.

## Flat Bed Trailers

Strong and lightweight designs for versatile cargo.

## Garbage Compactors

Engineered for efficiency in waste collection and management.

## Other Metal Structures

Custom-built components including industrial containers and support structures.

# Why Choose Us

- **Experienced Team** – Industry experts with years of hands-on experience
- **Qatar-Based** – Local facility, fast turnaround, and regional expertise
- **Custom Solutions** – Tailored designs for specific client needs
- **Durability Guaranteed** – Premium materials and superior engineering
- **After-Sales Support** – Reliable maintenance and part replacement services
- **On-Time Delivery** – Strict adherence to project timelines

# Quality Assurance

“

Alamtnan Trailer Production maintains strict quality control from raw material sourcing to final delivery. Each product undergoes:

- Load testing
- Dimensional checks
- Weld inspections
- Surface finishing audit
- Final visual & functional inspection
